Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosure in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Notes to Financial Statements

Year ended December 31, 2016

Greater Sudbury Housing Corporation ("the Corporation") was incorporated under the Ontario Business Corporations Act on December 14, 2000. Its principal activity is the provision of socially assisted housing for the City of Greater Sudbury.

The Corporation is a municipal corporation pursuant to paragraph 149(1)(d.5) of the Income Tax Act (Canada) and is, therefore, exempt from income taxes, having met certain requirements of the Income Tax Act (Canada).

#### 1. Summary of significant accounting policies:

#### (a) Basis of accounting:

These financial statements have been prepared in accordance with the significant accounting policies set out below to comply with the policies as determined by the Corporation's Municipal Service Manager, the City of Greater Sudbury. The basis of accounting used in these financial statements materially differs from Canadian public sector accounting standards because:

- i) capital assets purchased and betterments which extend the estimated life of an asset, are expensed in the statement of operations in the year the expenditure is incurred rather than being capitalized on the statement of financial position and amortized over their estimated useful lives (see schedule 2). Tangible capital asset additions are capitalized in the schedule of tangible capital assets only if they exceed a \$50,000 threshold; and
- ii) inventory of parts and supplies are expensed in the statement of operations in the year the expenditure is incurred.

#### (b) Cash:

Cash includes cash on hand and demand deposits that are readily convertible into known amounts of cash and subject to insignificant risk of change in value.

#### (c) Pooled fund investment:

The Corporation invests in the Social Housing Canadian Bond Fund. This investment is measured at cost less any writedowns associated with a loss in value that is other than a temporary decline. A writedown of a pooled fund investment is not reversed for a subsequent increase in value.

### (d) Prepaid expenses:

Prepaid expenses are charged to expenses over the periods expected to benefit from them.

Notes to Financial Statements

Year ended December 31, 2016

#### 1. Summary of significant accounting policies (continued):

#### (e) Capital assets:

Capital assets are stated at cost, less accumulated amortization, and are amortized based on the estimated useful life of each individual component on a straight-line basis over the following periods:

| High-rise residential units:     |          |
|----------------------------------|----------|
| Interior, exterior and roof      | 20 years |
| Structure                        | 50 years |
| Electrical                       | 30 years |
| Mechanical                       | 25 years |
| Site improvements                | 15 years |
| Multi-residential units          | 20 years |
| Single-family residential houses | 20 years |
| Equipment and vehicles           | 10 years |

#### (f) Accumulated surplus:

Certain amounts, as approved by the Board of Directors, are set aside in accumulated surplus for future operating and capital purposes. Transfers to/from funds and reserves are an adjustment to the respective fund when approved.

The accumulated surplus consists of the following:

#### Operating reserve:

This reserve is not restricted and maybe utilized for the operating activities of the Corporation pending board and service manager approval.

#### Capital reserve:

This reserve is restricted and can only be used for capital project that have been approved by the Board of Directors.

#### Rent supplement reserve:

This reserve is restricted and can only be used for expenses related to the Rent Supplement Program.

#### (g) Subsidy refundable:

The local housing subsidy is recognized based on the approved fiscal allocation by the City of Greater Sudbury. Subsidies may be recovered by the City of Greater Sudbury based on an annual reconciliation performed subsequent to year-end. The recoveries are reported in the year of recovery as an adjustment to local housing subsidy revenue.

Notes to Financial Statements

Year ended December 31, 2016

#### 1. Summary of significant accounting policies (continued):

#### (h) Revenue recognition:

Revenues are recognized in the year in which the transactions or events occurred that gave rise to the revenues. All revenues are recorded on an accrual basis, except when the accruals cannot be determined with a reasonable degree of certainty or when their estimation is impracticable.

Local housing subsidy revenue from the City of Greater Sudbury is recognized in the period in which the events giving rise to the government transfer have occurred as long as: the transfer is authorized; the eligibility criteria, if any, have been met except when and to the extent that the transfer gives rise to an obligation that meets the definition of a liability for the recipient government; and the amount can reasonably be estimated. Funding received under a funding arrangement, which relates to a subsequent fiscal period and the unexpended portions of contributions received for specific purposes, is reflected as deferred revenue in the year of receipt and is recognized as revenue in the period in which all the recognition criteria have been met.

Rental revenue is recognized as revenue during the month of occupancy by members.

Management services revenue is recognized when the service has been performed and collectability is reasonably assured.

#### (i) Expenses:

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

#### (j) Budget figures:

Budget figures have been provided for comparison purposes and have been derived from the budget approved by the Board of Directors.

#### (k) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Items requiring the use of significant estimates include the valuation allowances for tenant accounts receivable and other accounts receivable.

Estimates are based on the best information available at the time of preparation of the financial statements and are reviewed annually to reflect new information as it becomes available. Measurement uncertainty exists in these financial statements. Actual results could differ from those estimates.

#### 2. Pooled fund investment:

As at December 31, 2016, the cost of the Corporation's pooled fund investment is \$530,927 (2015 - \$509,607) and the fair value was \$523,765 (2015 - \$518,619).

Notes to Financial Statements

Year ended December 31, 2016

#### 3. Tangible capital assets:

Pursuant to a transfer order made under the Social Housing Reform Act, all assets, liabilities, rights and obligations with respect to the provincially operated local housing authority were transferred from Ontario Housing Corporation to the Corporation, effective January 1, 2001. The transfer included all social housing units including land and buildings, but did not include the associated debentures.

#### 5. Commitments:

The Corporation provides certain employee benefits, which will require funding in future years, and which are not accrued. The value of unaccrued vacation as at December 31, 2016 totals \$51,607 (2015 - \$55,105).

The Corporation enters into various non-cancellable contracts in the ordinary course of business. Payments for these contracts are contractual obligations as scheduled per each agreement. Commitments for minimum payments in relation to non-cancellable contracts as at December 31, 2016 are as follows:

| No later than one year                            | \$<br>229,034 |  |
|---|---------------|--|
| Later than one year and no longer than five years | 110,297       |  |
|   | \$<br>339,331 |  |

The Corporation is involved in certain litigation and claims from time to time, which are in the normal course of business. The Corporation records accruals that reflect management's best estimate of any potential liability relating to these claims. In the opinion of management, the Corporation has reasonable arguments to defend against these claims and none would result in an additional liability that would have a significant adverse effect on the Corporation's financial position. However, the Corporation cannot predict with certainty the final outcome of these matters. No accrual has been made as at December 31, 2016 (2015 - \$NiI) for any of these claims.
